

## Handheld Cellular Jammer

Made for general use, no need of professional electronic training or knowledge.

# XP SERIES

CDMA:800,GSM:900/1800Mhz

More powerful, covers up to 25 meters radius

### Specifications:

<b>Effective range</b>	Up to 25 meters radius, depending on the strength and type of cellular system
<b>Input power</b>	4.8V DC rechargeable battery pack
<b>Signal source</b>	PLL synthesized
<b>Antenna</b>	Internal
<b>Operation temperature</b>	0°C to 50°C
<b>Humidity</b>	5% to 80%
<b>Size</b>	L 134 x W 49 x T 24 mm

- ▶ This handheld model also can connect a special direct power pack, looks just like the regular battery pack, for you to use continuously after all batteries run down or you will use this device all the day.
- ▶ This handheld model also can connect with a car charger for you to use on the car or charge the battery on the road.
- ▶ This device utilizes a unique low power radio signal technology that interferes with the communication between cellular handset and cellular base station.
- ▶ Block all cellular phone communication in your controlled area or to avoid information from being disclosed secretly during meetings. And yet, it is jamming silently without cellular phone users' awareness.
- ▶ Easily operated and user-friendly, no hassle installation needed, need no professional knowledge or skill, a DIY designed device to suit everyone, everywhere and anytime.

## ● **Features:**

1. Low output power will not cause harm to human body or medical equipment.
2. Just mobile phone size housing and phone case is available for any place, without others' awareness.
3. Use standard battery pack and battery charger.

## ● **Application:**

1. Hospital, medical center or where medical instruments should not be disturbed by cellular signal.
2. Theater, cinema, museum and art gallery.
3. Conference rooms, offices, libraries, schools and restaurant.

## ● **About CDMA / WCDMA cellular system**

CDMA / WCDMA are smarter cellular system than GSM, iDEN or PCS, etc. They are more difficult to jam the CDMA / WCDMA communication. Under same base station signal strength, the jamming distance of CDMA / WCDMA will be shorter or even half than TDMA or GSM or PCS or iDEN, etc.

## ● **Standard accessories:**

Battery pack x 2 pcs,  
battery charger,  
power supply of battery  
charger and phone case.
